

## ICN Technologist Forum

Tuesday 6<sup>th</sup> May

Edinburgh International Convention Centre,

The Exchange, 150 Morrison St, Edinburgh EH3 8EE

The [ICN Tech Forum](#) is a closed-door event for technologists at ICN member agencies. The Forum provides a forum for agency technologists and digital experts to meet and exchange experience, identify common issues of interest, and consider how to best address them.

Timings	Agenda
8:30	Registration and refreshments
9:30	Opening remarks and welcome
9:35	Objectives and outline for the day
9:45	<b>Theme 1 - State of Play: AI and competition</b> – covering agency work on AI including adopting AI-powered tools to work more effectively, developing new capabilities, and supporting economic growth through AI adoption while protecting consumers and competition.
12noon	Lunch
13:15	Keynote address
13:45	<b>Theme 2 - Building the frontier</b> – covering agency approaches to adopting AI tools, including via a 'scan, pilot, scale' approach. This theme will include hands-on demos, showing agency work in action.  <b>Enabling firms to understand requirements and comply</b>  <b>Monitoring and detecting competition and consumer issues</b>  <b>Sense-making when faced with large volumes of data</b>
15:00	Coffee break
15:30	<b>Theme 3: Building our capability – fit for the future</b> - a panel discussion on how technologists are influencing the work of their agencies. This includes supporting data-driven decisions on prioritisation, leading digital transformation and operational effectiveness, ensuring that authorities understand and respond appropriately to emerging developments in digital markets.
17:30	Closing Remarks
17:45	Forum closes
